## REPUBLICAN CONGRESSMEN NOW IN PARIS TO VISIT WILSON

Chief Executive Will Exert Every Effort to Prevent Any Obstruction of Peace League Plans

Feeling is Growing That Treaty of Peace Should be Speedily Perfected

(By Associated Press)

Paris, February 4.—President Wilson has several appointments for today including a visit from some Republican congressmen who have arrived in Paris.

He is determined that nothing shall come up to obstruct the progress of the commission of which he is chairman and which now is engaged in perfecting the scheme for the creation of a society of nations.

He is therefore concentrating his attention upon that work. While less than two weeks remain before the date set for his return home it is now regarded as within range of possibility for the league project not only to be reported from the commission but also for the peace conference in plenary sessions to ratify the plan and thus put it fairly in the way to be registered in treaty form within the time limit.

There is growing feeling here that the treaty of peace should be speedily perfected now that the principle of the society of nations and many of the details of its construction have been agreed upon.

## LEADERS WARNED BY CONFERENCE

(By Associated Press)

Paris, February 4.—Polish and Czech leaders have been given a pointed warning by the peace conference not to occupy disputed territory in the province of Teschen in Austrian Silesia, according to an official bulletin issued tonight.

(By Associated Press)

Paris, February 4.—The commission lays down rules for the temporary solution of the dispute regarding pending decision of the peace conference and announces a commission of control will be immediately sent to the Teschen mining districts which are in control of the Czechs.

## CHILE REPORTS ALARMING TREND IN ANTOFAGASTA

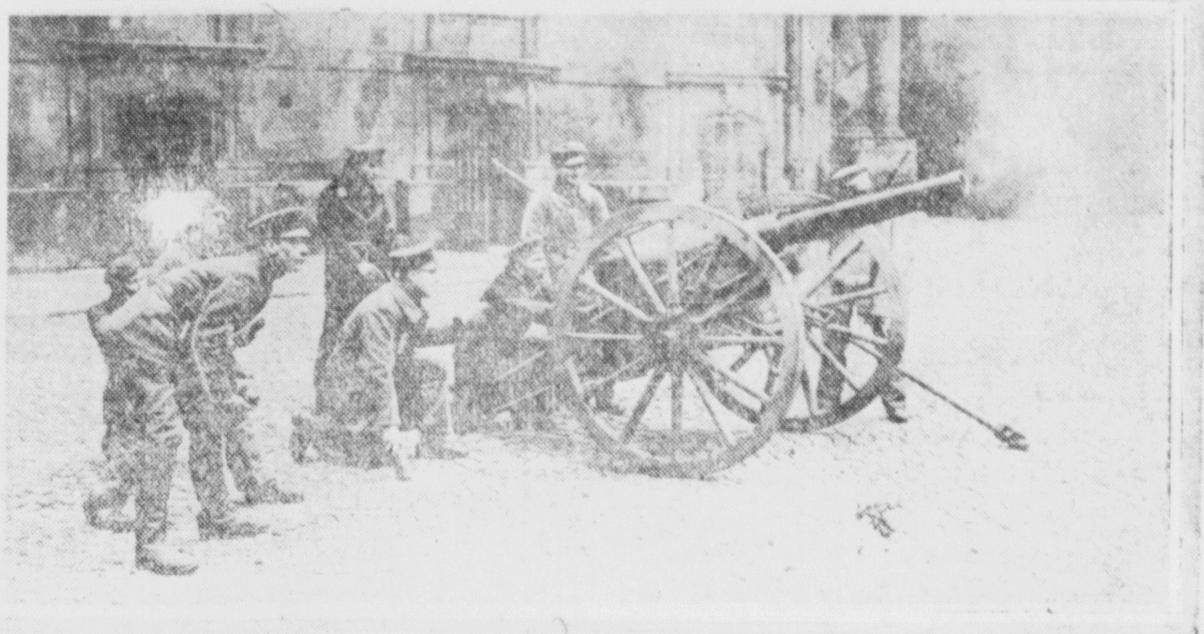

Bolshevist Agitators Create Feeling of Unrest

(By Associated Press)

Buenos Aires, February 3.—Dispatches from Chile tonight report an alarming situation at Antofagasta, where it is said disorders which have been prevailing for some time have taken a Bolshevist turn.

It is said the agitators are defending the establishment of a new government there.

## FIELD-PIECE IN ACTION IN BERLIN FIGHTING

FIELD-PIECE IN ACTION IN BERLIN

This photograph, just received in this country, proves beyond a doubt that the reported heavy fighting during the revolution in Berlin was true. A crew of German revolutionists is shown operating a light field piece from in front of the Imperial Palace. The gun had just been fired when the picture was made.

## LONDON WALKS HOTEL WAITERS ALSO ON STRIKE

Great City Awakes to Find Its Transportation Paralyzed

Hotels and Restaurants Also Out of Commission

(By Associated Press)

London, February 4.—Profiting by its existence on Monday when the city awoke to find transportation hampered by the strike in the tubes, London started early walking to work today.

Hotel waiters are also on strike and hundreds went without their breakfast here today.

## PINGOA FRONT PUSHED BACK

Russian and American Detachments Retreat Several Versts

(By Associated Press)

Archangel, February 3.—The Russian detachment operating with the Americans on the Pingoa front retreated several verst yesterday after having unsuccessfully attempted an attack in which it encountered superior numbers of the Bolshevik forces. Artillery and patrol actions continue on all sectors of the front.

## HONOR MEDALS ARE AWARDED

Military Decoration for Officers and Men in France

(By Associated Press)

Washington, February 4.—Award of Congressional Medals of Honor, the highest American military decoration, to two officers and 19 men in France was announced today. Only three of the medals had been awarded previously for service in the great war.

All awards were upon recommendation by General Pershing. By act of Congress the medal can be given only for "conspicuous gallantry above and beyond the call of duty in action."

Some of the decorations were awarded post-humously in honor of the men who lost their lives in heroic acts.

## HERR ERZBERGER WOULD RETAIN GERMAN COLONIES

(By Associated Press)

Basel, February 3.—Speaking before the Colonial Society at Berlin today Mathias Erzberger, one of the German Armistice Commissioners, protested against Germany being deprived of her colonies, according to a dispatch from the German capital.

## TO BE GUEST OF AERO CLUB HERE

LIEUTENANT FONCK

Lieutenant Rene Fonck, the leading "ace" of France and the world, has received permission from the French Government to represent France at the annual banquet of the Aero Club of America on February 19, according to a dispatch from Paris. Lieutenant Fonck is preparing to go to the United States at once. Lieutenant Fonck has been officially credited with seventy-five air victories, the greatest number of any aviator in the world war.

## KILAUEA AGAIN BECOMES ACTIVE

TEXTILE MILLS CLOSED

Albany, N. Y., February 4.—(By Associated Press)—Between 4,000 and 5,000 employees of 23 textile plants at Albany, Cohoes and vicinity, villages, were idle today. Printed notices informed the employees that the plants were closed because of "lack of orders and insufficient work." The Harmony Mills, employing nearly 2,000 persons, were operating, but on a curtailed schedule of 35 hours per week.

## GREEK CLAIMS ARE REFERRED TO COMMISSION

All Territorial Questions Presented by Premier Venizelos Will Be Submitted.

(By Associated Press)

Paris, February 4.—The supreme council today agreed that questions in the statement of Premier Venizelos concerning Greek territorial interests in the peace settlement should be referred to a commission of experts whose duty it would be to make recommendations for a just settlement.

The commission will be composed of two representatives each from the United States, the British Empire, France and Italy.

## PRIVILEGE TAX LOOMING UP AS PROBABILITY

Legislature Hard Put to For Solution of Tax Problems

(By Associated Press)

Columbus, O., February 4.—Resort to the privilege or occupation tax probably will be made by the legislature in establishing new auto license fees, it became known today, as a means of increasing state and municipal revenue.

The bill will be introduced within a couple of days. The auto privilege tax will be in lieu of the present \$5 registration fee and will be on a graduated scale.

The rates, it was said, will not be as high as those contemplated had the classification amendment been sustained by the supreme court, but will be considerably higher than the present rate.

## WOULD SAVE THE EX-KAISER FROM PENALTIES

(By Associated Press)

Amsterdam, February 4.—Societies to "save the Kaiser" from being handed over to the allies are being organized in Germany according to dispatches. Eitel Frederick, second son of the former emperor, is said to have written a letter to Premier Ebert demanding that the government assist in the plan.

Washington, February 4.—Departure from France of nine ships which will dock at New York, Philadelphia, or Newport News in the next three weeks with approximately 400 officers and 7200 men from the American expeditionary force was announced today.

The transport Madawaska, due at Newport News about February 12, has the field and staff headquarters company, supply company, medical detachment and batteries A, B, C, D and E of the 326th Regiment Field Artillery of the 84th division.

BODY FOUND NEAR PRISON

Columbus, Ohio, Feb. 4.—(By Associated Press)—The body of an unidentified woman, about 32 years old, was found last night along the east wall of the Ohio Penitentiary. Police say the woman was murdered.

## NAVY PROGRAM OF CONSTRUCTION GIVEN APPROVAL

Insistence By President Wilson Led to Action.

(By Associated Press)

Washington, February 4.—Insistence by President Wilson upon the administration's policy of naval extension led to the unanimous approval given by the House Naval Committee to another three-year construction program. This was disclosed today by Chairman Pasgett, of the committee, when the House began consideration of the \$750,000,000 annual naval appropriations bill.

Mr. Padgett told of a cablegram sent from Paris to Secretary Daniels saying nothing had occurred over there to change the recommendations made in his annual message.

The message was brought to the attention of the committee by Mr. Daniels. "The President was very earnest," Representative Padgett said, "and insisted that the three-year program be carried out."

Asked whether he believed the proposed program would benefit the country, Representative Butler, of Pennsylvania, ranking Republican on the naval committee, said he doubted it, because he did not believe it ever would be completed.

He said before new construction could be started different conditions might make a large navy unnecessary.

REMOVE ALL RESTRICTIONS  
Manchester, February 4.—(By Associated Press)—The Manchester Cotton Control Board met today and decided to remove, beginning today, all restrictions on cotton and to permit mill owners to run their machinery as they desire.

## THE SPARTACANS SEIZE BUILDINGS IN KOENIGSBURG

## BALFOUR FIXING THE BOUNDARIES OF ALL NATIONS FOR CONFERENCE

Council Program Contemplates Pushing Other Questions For Early Solution

Ultimate Success of Society of Nations Proposal Seems Assured

(By Associated Press)

Paris, February 4.—Arthur J. Balfour, the British foreign secretary, is engaged upon a proposition to fix the territorial boundaries of the different nations and promptly conclude peace with the enemy as so constituted.

The program would then be to proceed with the settlement of other questions remaining to be settled under the rules of the society of nations.

Even if the effort to secure final action on the society of nations of the peace conference before President Wilson departs should fail, it is considered the ultimate success of the undertaking has, in reality, already been assured through the adoption of the full conference of the declaration which solemnly binds the delegations to the creation of such an organization with the object of averting further warfare.

## SENATE ACTS ON PROPAGANDA CHARGE MADE

(By Associated Press)

Washington, February 4.—After extended and vigorous criticism by senators of alleged lawless propaganda the Senate today adopted a resolution extending the powers of the Senate Committee investigating German propaganda to inquire into other activities which it was charged sought the overthrow of the government.

(By Associated Press)

Washington, February 4.—In the debate Senator Kellogg of Minnesota declared propaganda was "being carried on by an active organization seeking to overthrow the government by violence."

Senators reiterated criticisms made yesterday of a public meeting held in a Washington theater Sunday, in which the Russian Bolshevik Government was reported praised, and which was attended by several members of the house.

TRYING TO SAVE VESSEL

London, Feb. 4.—(By Associated Press)—The American steamer Naragansett which, while under charter to the British Government, ran on submerged rocks off the Isle of Wight Saturday, is being stripped to lighten her in preparation for another effort to pull her from the rocks, according to reports reaching American Army headquarters. The vessel is threatened with destruction by the seas.

## SOCIALIST PLAN SEEMS FAILURE

(By Associated Press)

Paris, February 4.—The Berne socialist conference to which many socialist bodies in Europe had failed to send representatives, is the outcome of a German plan to help Germany retrieve her military defeats and escape the payment of joint indemnities, is the belief of Charles E. Russell and William E. Walling, speaking in behalf of the socialist democratic league of the United States.

Announcing Our Spring Sale of Marguerite

Pre-Shrunk Gingham House and Morning Dresses

To those who have worn these dresses in past seasons this announcement will be joyfully received, for they will immediately purchase these spring and summer needs. To those who have never worn these wonderful dresses, which are guaranteed not to shrink and will not fade, we urge you to try one and give it the most severe tests, which will prove beyond question their merit.

The Guarantee—

Every one of these dresses are guaranteed not to shrink. If one shrinks all that is necessary for you to do is return the dress and get your money back.

Not Fading—

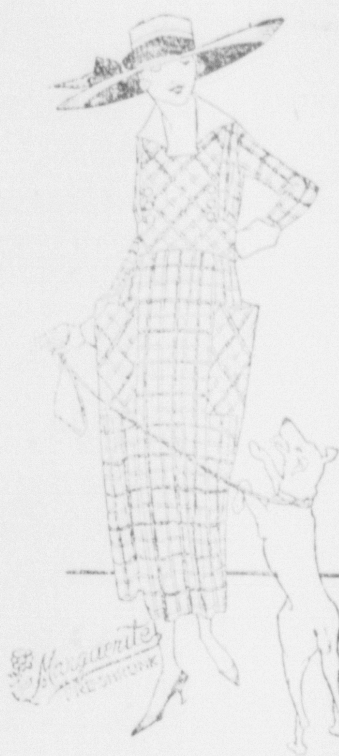

In the process of shrinking the gingham is treated in such a manner that insures the color against running or fading.

Making—

These dresses are made with utmost care in every particular, and an examination will show you they are far superior in every respect.

Stylish—

The styles are also different than usually found. The illustration in this ad will show that the designer's idea is to make a practical dress, yet give a style that is neat and becoming, getting away from the ordinary house dress.

Sizes—

These dresses come in regular sizes from 16 and 18 to 44. In extra size from 46 to 54 and for irregular stouts in 45, 47, 49 and 51. With the splendid fitting qualities of these dresses we can fit anyone perfectly.

TO FEED OVER 700 AT ANNUAL BANQUET

The large number of committeemen are active adding the finishing touches to elaborate plans for the annual banquet of the Fayette County Fish and Game Protective Association, which will be held at the Knights of Pythias Hall — the largest available dining hall in the city, Wednesday evening, beginning at 6:30, and plans are being made to feed between 700 and 800 members of the Association — and it's some job, considering the fact that the utmost capacity of the hall is about 400 diners.

A line of splendid talent has been secured in the way of speakers, and included the busiest man in Ohio — Mayor Ike Myers, of Akron, who runs the city, a brickyard, two stores, a restaurant, sells real estate, greets all visitors and does everything else he can do to boost Akron, finding time to devote to sports and social activities.

Chief Game Warden Baxter and Secretary of the State Board of Agriculture, N. A. Shaw, will be on the program, together with other speakers now being lined up.

It will be with a great deal of interest that the organization members will learn that a large number of scenes taken of devastated France and Belgium by Dr. W. O. Thompson, of the State University, while with a commission sent to investigate conditions, will be shown upon a screen, many of the scenes to be shown for the first time.

New members of the association who have not received invitations, on account of the last days rush are urged to be sure and attend. They will be assured a cordial welcome.

Parker's noted orchestra of Columbus will furnish the music.

Following is the menu.

WILLIAM GRUBB OF CHILICOTHE SAYS: IT'S THE BEST HEALING AGENT HE KNOWS.

2225—RESET  
You have to be careful what you use to heal burns, cuts and bruises of children. The remedy must be antiseptic, but must not burn, smart or blister.

Many people will also be glad to learn of a safe, reliable remedy for colds and sore throats.

So Mr. Grubb, well-known automobile man, who lives at 379 East Seventh street, Chillicothe, writes:

"I want to express my appreciation of your Liniment."

I have been using it for my family for years and find it invaluable as a remedy for sore throats, colds in the chest, etc. Also, when any of my children cut or bruise themselves, I find it the best remedy to use to quickly heal the wounds."

Mr. Grubb addressed this letter to Dr. J. C. Jones, whose Houstonia Liniment is from the original formula prescribed for nearly half a century, by Dr. W. G. Jones, formerly of Chillicothe, who sold four full ounces for 25 cents.

This splendid liniment has been known for years by its yellow label and picture of its originator. Neither quantity nor price has been changed. Houstonia (The Original Jones) Liniment quickly penetrates without rubbing, yet does not burn, smart or irritate. All druggists have Houstonia Liniment.

## To Collect From Germany

Germany should be made to pay every cent that it is possible for her to pay. Upon that there is no difference of opinion, but how to exact payment without exceeding the ability of the nation to pay has been the big problem.

For some time the effort has been to compel payment of the largest sum possible and allow payments of the balance to be continued over a series of years thus collecting in the long-run a much larger sum than would be possible if payment of the entire sum was demanded at this time. Then arose the difficulty of apportionment among the nations entitled to participate.

Senor Crespi, of the Italian delegation, suggests that Germany be required to pay in regularly, covering a long period of years, to a common fund such amounts as the peace council determines it is possible for her to pay and still maintain the ability to pay, and that the total amount of the sum exacted as indemnity be apportioned among the nations entitled as it is paid in.

The proposal which seems, on first consideration a good one is not different from our own sinking fund system.

The political organizations of the nation and the larger private corporations are able to incur and eventually discharge indebtednesses which would, if paid at once, entail bankruptcy, by the sinking fund plan.

Regular payments are made and the indebtedness is scheduled and apportioned so that the obligation is eventually discharged and a much heavier gross sum paid than would be possible in any other manner.

The plan seems the most feasible yet presented for the solution of one of the most perplexing problems of the peace council.

## POEM FOR TODAY

### THE GIFT OF HOME

He'll not be wantin' the world, when he comes—  
No wavin' o' flags an' no beating o' drums;  
He'll not want the town for to turn out that day,  
With a "Hail To the Hero," an' "Hip an' Hooray!"  
He'll "just want the home folks"—that's what the boys say!

Dad and the Mother,  
An' 'twouldn't surprise  
If he looked for the light  
In a girl's dreamin' eyes!

An' Home's always thinkin' of joy that's to be—  
A ship's comin' home! There's a singin' at sea!  
An' it's not of the land that they left far away,  
But the light o' the blue skies that shine through the gray;  
It's a song o' the home folks—that's what the boys say!

Dad an' the Mother,  
An' 'twouldn't surprise  
If they looked for the light  
In a girl's dreamin' eyes!

## This Is Better Than Laxatives

One (NR) Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation result in a poorly nourished body and low vitality. Poor elimination retards digestion, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body. The result is weakness, headache, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, cloyers and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

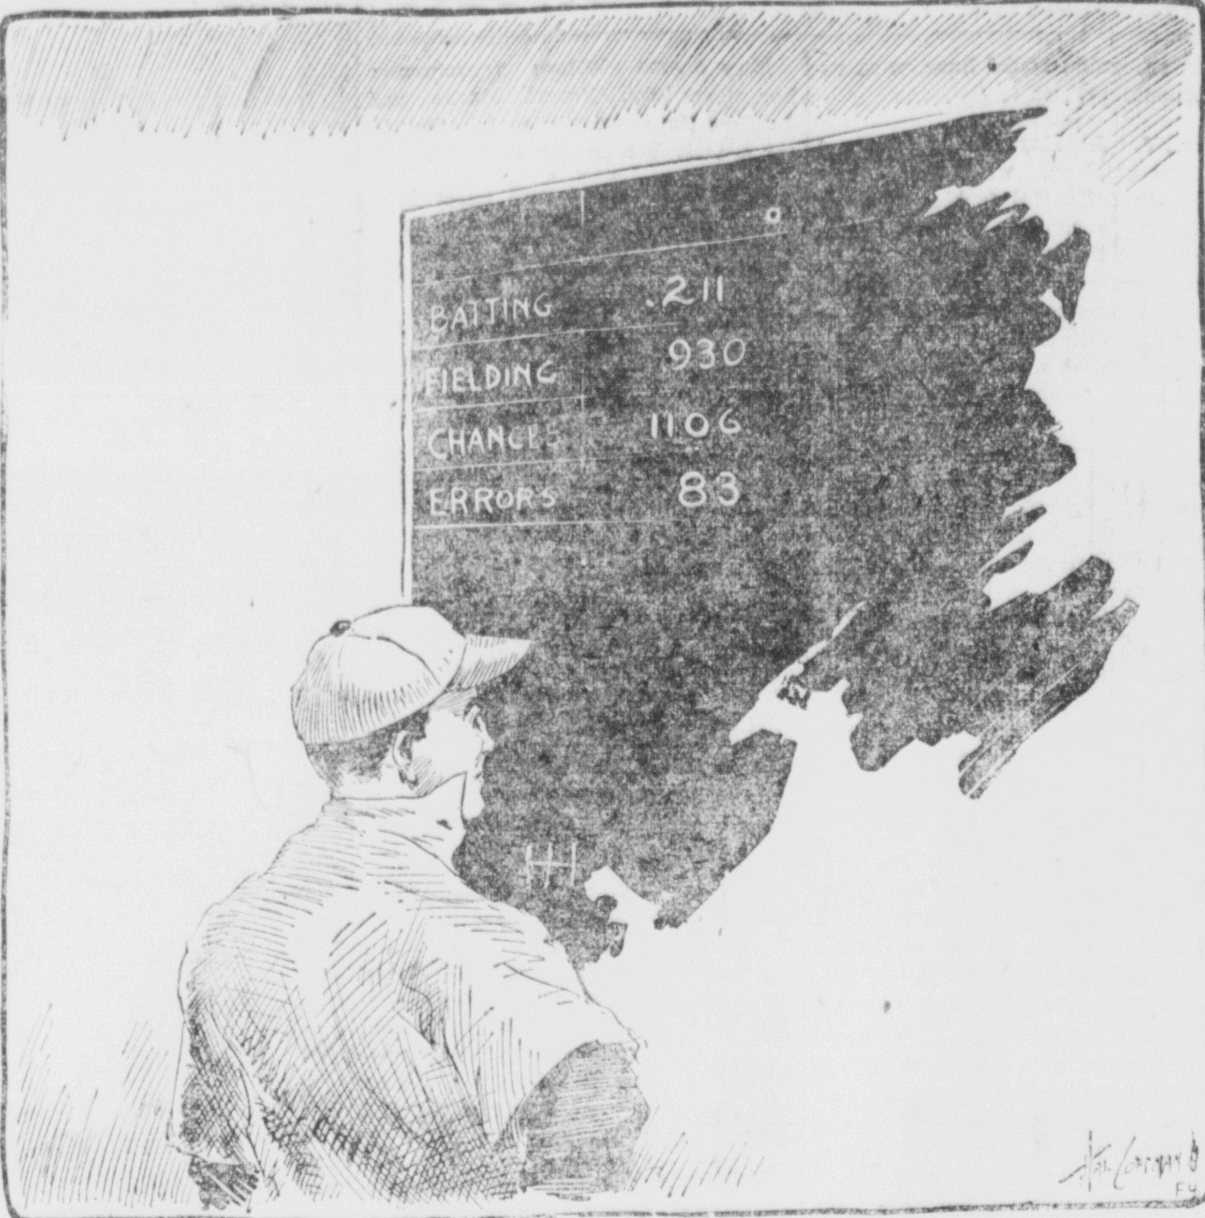

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—on occasional NR Tablets will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

## LET'S TALK IT OVER—BY HAL COFFMAN

### WHAT'S YOUR BATTING AVERAGE?

What's your batting average in the league of life? Ever figure out your chances and errors for the year? Many a ball player is a good fielder but is too weak with the stick. And as a rule they don't last long in the big leagues. Pick out the men around you in the office who are good fielders only, but fail to "hit 'em out" in a pinch. The good fielders in your office are the reliable old pluggers with no initiative, no ambition, no errors and no punch. A colorless lot. A good batter will get up at three o'clock in the morning to whang the old leather and keep at it all day. Don't let your epitaph be, "yes he was a good fielder, but he couldn't hit."

## Valuable Farm of 204 acres

Situated in Perry Township, Pickaway County, Ohio, and along the Judas Road about 3 1-2 miles south of New Holland and 2 miles from Atlanta, Ohio, near Locust Grove.

This Farm is well improved with a fine brick residence and brick wash and smoke house, and large barns, double cribs, granary, tenant house and other outbuildings.

The buildings and fences are in a good state of repair. The land is good rich soil and is well tiled and thoroughly drained, and has been farmed on the rotation plan and is now in a high state of cultivation. Taking it altogether this is a most desirable farm and in an excellent neighborhood.

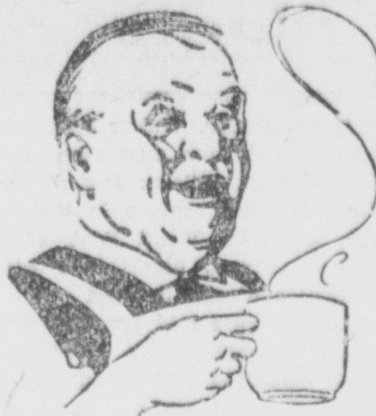

Also a 9-ROOM RESIDENCE property and about 8 ACRES OF LAND, on North West Street, in New Holland, being the late residence of Mr. Anderson.

Also a 6-ROOM RESIDENCE property on South Main street, in New Holland, being the second house below the School House. Satisfactory terms of sale will be given.

## Our Russian Policy

The developments in Russia, during the past month have not been entirely encouraging. The comparatively small force of the allies in the Archangel region has been compelled to fall back quite a distance before the attacks of the Bolsheviki forces because of the tremendous numerical superiority of the attacking forces.

The people of the allied nations and especially of the United States are becoming decidedly restless because of the failure of the authorities to announce a definite policy as to Russia.

It is difficult to do that, many people announce. That's true, but if the government officials have a plan definite enough to warrant them in sending to Russia an armed force and maintaining it there that plan is assuredly definite enough to express in words.

Some one knows why our troops are in Russia and what it is proposed to do there and that should be communicated to the people. If there is sufficient reason the people will support the action and if there is not our troops should be brought home.

The time has come to make a definite announcement as to our policy in Russia. The people of American want to get into it right when spring comes and finish the job or they want our men brought home.

## GREAT CONTEST BEGINS TODAY IN THE HERALD

The Herald today starts its great missing word contest. It will interest thousands in all walks of life. Greatest advertising proposition ever for Washington C. H. and its business interests. Two full pages afford an unique prize proposition, will appear every Tuesday only for a period of 12 weeks.

\$100.00 In Gold

to be given away in sixteen purses of money. Anyone can participate save employees of this paper and their families.

One full word is omitted from contest page 1—and one full word is taken out from one ad on page 2, which make sentences read grammatically wrong. These words you are to locate. Answer blanks and rules are found in the center of pages of ads. Do not turn to pages until you have read article below.

On pages 2 and 7 of this issue will be found the great Educational Missing Word Contest, which we have been telling you about.

Now, then, to our readers we desire to call your attention to the two separate contests of advertisements. On page 2 where are found many display ads, you will notice, is named Contest Page No. 1. This is so marked on the top of the return blank. This blank when returned must only be used in connection with this page's missing word answer.

See rules in center of page. Read them carefully.

## WOMEN ARE BOOSTING IT YOU CAN'T FOOL THEM

Once you have shown them and got their confidence they will stick through thick and thin to what they know and believe is a good thing.

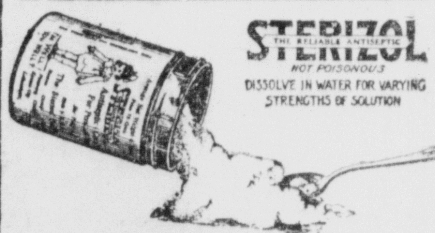

Hundreds of women in our city are going around today with joy in their hearts and a new lease on life and health where before each day was one long "nervous drag of misery".

As one woman expressed it, "It's not the work you do, it's the way you feel that makes the difference, you can't get ahead when you go to bed all in, too tired to sleep and get up in the morning half dead. Believe me I know. I certainly was a nervous wreck, every task a load, no ambition, thin, haggard and pale, an old woman before my time. Look at me now. Work is a pleasure. I am just bubbling over with good spirits, the picture of health, cheeks rosy and full of the color that only ironized blood can give, while my phosphate-fed nerves are as steady as a clock, nothing worries me, I sleep like a top and feel like a girl of sixteen. Take it from me, I want Phosphated Iron to get all of the credit, too much cannot be said in its praise, and all my friends are boosting it".

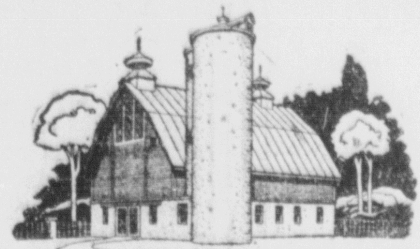

There is no need of any man or woman going around with that tired all-in feeling or any form of nervousness. If they take a brace, and stack up to a package of Phosphated Iron. It sure will spruce you up and make you feel like a live wire once more, so get busy.

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

## New Barns for Old

If you're to grow bigger crops and increase your herd your barn and stable may be too small. If they were built years ago, before modern equipment and modern designs were developed, it may pay to tear down the old and rebuild right. You can save labor by a good design. You can produce better milk in a modern stable. You can keep horses healthier in well lighted, airy stalls.

## If America Ships 20 Million Tons of Food to Europe

according to Hoover's estimate YOU MUST RAISE MORE, you must increase storage capacity in mow and crib, produce more dairy products, take better care of milk in a modern stable and milk house, raise more hogs and house them safely in sanitary quarters.

In all of these problems we can help you. Ask us about it.

# Spring Building Time is Coming Fast Make Your Plans Early!

HOOVER says we must export 20 million tons of food this year — nearly twice last year's record. You can sell in this foreign market — get good prices — serve the world—if you plan your operations right.

Good stock, good implements and good improvements are the big need. Of labor there'll be plenty, but still high in price and you'll need to save the hours now wasted in a poorly built or badly equipped stable, hog house or shed.

You'll save loss by weather and rats by overhauling or rebuilding corn crib and granary and by making certain that your roofs are tight.

## Plan Spring Building Now

Now is the time. Later you will be too busy with plowing to give much thought to building plans. That will be the time for action—not thinking. Do that part now.

Good Labor Goes to Best Improved Farms. You want reliable help. The work of your men will be easier, cleaner and pleasanter. They will be more willing to stay with you all year long, regardless of what the city factory offers to pay.

## Cost Will Come Back Quickly

Building costs may go higher. War kept back so much building that, with the opening of spring, all construction will probably be active. This may mean difficulty in getting materials even at today's prices. We can sell you materials now, for delivery at once or in the spring, at today's price and probably save you money.

Look over your plant, decide what must be rebuilt and let us talk it over. We'll help you plan and give you estimates of cost. Our long experience in building work should help you to get what you want at least cost.

We have the plans and estimate of material for the Barn and Poultry House Shown Here.

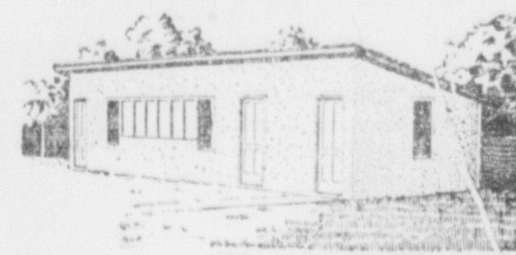

## The "Why" of Concrete

Concrete has worked a revolution in American farm improvement. To use concrete is the modern way of getting permanence, avoiding constant repairs and of making cleaning easy.

We carry UNIVERSAL cement, a brand we're proud of, a brand you can depend on.

UNIVERSAL goes into big sky-scrapers, into huge dams, into concrete roads and it will make good concrete for your farm improvements.

Why not haul out cement now for your spring work? We have a good supply of UNIVERSAL on hand and while roads are hard and hauling easy, you can stock up for all your spring building.

### FEAR ATTACK NEGROES FLEE

(By Associated Press)  
Marion, February 4.—An exodus of negroes is in progress here following the posting of warnings ordering them to leave the city.

The few still here are in their homes behind barred doors.

The warnings were posted following the attack yesterday upon Mrs. Margaret Christian near where Mrs. Clyde Scranton was attacked and slain, presumably by a negro, late Wednesday night.

Although George W. Warner the negro accused of the attack upon Mrs. Christian, is in Mansfield Reformatory tonight following threats of lynching early today, there is intense feeling.

The business district was placarded with orders from the mayor and sheriff forbidding loitering and congregating. The mayor ordered the saloons closed.

Judge Grant C. Mouser of the common pleas court has announced that a special session of the grand jury would be called soon to consider Warner's case.

### INTEREST ON THE INCREASE

There is a noticeable increase in the interest manifested in the series of evangelistic services now under way at Grace M. E. Church under the leadership of Dr. Mahood, eminent evangelist who, had

not influenza prevented filling an engagement, would have been conducting a series of meetings at the First M. E. Church of Washington, D. C. Sunday School night drew quite a large audience to hear Dr. Mahood, Monday night.

It is expected Prof. H. J. Bray, of Chicago, will arrive in time for the services tonight, and will have charge of the singing. He comes recommended as one of the best singers ever appearing here.

Prayer meeting at the church Wednesday morning at 10:00 a. m., and no cottage prayer meetings on that day. Sermon at three o'clock Wednesday followed by physical culture lecture by Miss Mahood. A special sermon for wives and mothers will be given Wednesday night, on the theme "The Home and the Child."

Regular services at 7:30 tonight, preceded by a half hour Bible instruction for women, in the Epworth League room.

Monday night Dr. Mahood related incidents connected with the San Francisco earthquake.

### MINUTE MEN OF M. E. CENTENARY WILL MEET HERE

"Methods for Putting Across the Centenary Program" is the topic of an important conference to be held at Washington C. H. Thursday evening, February 6, by the "Minute Men" of the Washington C. H. group of churches in the Chillicothe district of the M. E. church.

The Washington C. H. group consists of the following Methodist churches: Good Hope, Milledgeville, Bloomingburg, Staunton, Mt. Pleasant, Williamsport, Clarksburg, New Holland, West Holland, Mt. Sterling and Grace Church of Washington C. H. About fifty laymen representing the different churches in the group will be in attendance at the meeting which will be in the nature of a "School of Methods".

The program for the conference at Washington C. H. has been arranged by the district superintendent, Dr. J. C. Jackson and Wilby G. Hyde, district chairman of the Methodist Minute Men for the Chillicothe district. Both reside in Chillicothe.

The principal speakers for this conference will be Rev. William E. Bancroft, for fifteen years a missionary in India, now in this country for one year's work with the Centenary; and Rev. J. Albert Currier, Secretary of Minute Men for the Cincinnati Area which comprises the states of Ohio, Kentucky and Southern Indiana. These men are connected with Area headquarters for the Centenary campaign at Columbus, Ohio. The district chairman, Mr. Hyde, will preside at the meeting. It is expected that each church will send from one to four automobile loads of men to the meeting.

### MILD WEATHER ASTOUNDS FOLK OF NORTHWEST

Mosquitoes Instead of Snowflakes Attract Attention in Minnesota

(By Associated Press)  
St. Paul, Minn., February 3.—The Northwest has passed through the most unusual January, from the standpoint of weather, in its history.

Reports from a great area embracing the Canadian provinces from the Great Lakes to the Rockies and from Wisconsin to the continental divide, all tell the same general story. Mosquitoes made their appearance in Montana.

South Dakota cared for swarms of robins and flocks of ducks.

Minnesotans went house boating on the Mississippi.

Golf was played outdoors in Saskatchewan and tennis matches took place in St. Paul.

The Duluth Bonsspiel, an annual memory of ice and screaming winds was delayed because of the absence of ice.

Chickens began laying at Prince Albert, nearly a thousand miles northwest of Minneapolis.

Influenza killed hundreds of moose and deer in the Canadian wilderness.

Delayed cold weather is blamed. Big game failed to migrate from Yellowstone park, in Wyoming.

All of these statements have been vouched for by leading newspapers in the districts.

A bout the time the South Dakota legislature convened, the robins came back and chirped in the capitol yards. Nearer the statehouse is a pond which is fed by warm water springs. The ducks never left it. They are protected.

At Billings, Mont., a resident was hurrying along the street late at night when he was attacked by a cloud of mosquitoes. He bottled a few of them and took them to a Billings newspaper to add weight to his story.

### WAR DEPARTMENT MAY BE PROBED

(By Associated Press)  
Washington, February 4.—Representative Siegel of New York has introduced a resolution authorizing the speaker to appoint a select committee of eight members to investigate charges made on the floor of the house and in the press regarding the administration of the war department.

The resolution, which was referred to the rules committee, mentions specifically published statements that Provost Marshal Crowder was reprimanded by General March chief of staff, for having expressed his views before a congressional committee; complaints regarding delay in reporting casualties, nondelivery of soldiers' mail, nonpayment of soldiers' allotments and alleged mistreatment of injured soldiers.

### FRENCH SACRIFICE FOR LIBERTY HEROIC

Six millions of French sons have offered their lives that democracy might live. 30 million other French men and women sacrificed their all for the same purpose. America's debt of gratitude to France for this is very great. We also are indebted to her for an invaluable remedy for stomach, liver and intestinal ailments discovered by her peasants, which it is reported has saved many American lives and prevented thousands of surgical operations. Geo. H. Mayr for many years a prominent Chicago chemist, imports the ingredients and sells this remedy under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

### ROLL OF HONOR

The two casualty lists made public today include 1648 officers and men, of whom 99 are Ohioans.

The minor casualty list contains 1510 names, divided as follows: wounded degree undetermined 554; wounded slightly 956.

The list of major casualties total 138, and is divided: Wounded severely 85; killed in action 15; died of wounds 9; died of accident and other causes 5; died of disease 20; missing in action 4.

The Ohioans from this part of the state are:

Died of disease, previously reported dead of wounds, Corporal Fred Francis Hicks, Mt. Sterling.

Wounded degree undetermined—

Pvt. Joseph Pence, Chillicothe; Pvt. Moses L. Adams, London; Pvt. Presley Buchwalter, Circleville.

Wounded slightly—Sergt. Wm. Burnett Hyer, Washington C. H.; Pvt. Emmett Self, Mt. Sterling.

### BIG SALE EVENT IS NOW BOOKED

A sale that is of wide spread interest and promises to be one of the biggest sale events of years in the Duroc world is the "Dispersion Sale of Herd Boars, Bred Sows and Gilts, including 60 immune Durocs, to be held at Spring Hill farm, at 12 o'clock on Thursday, February the thirteenth.

This sale is put on by the Hugh K. Stewart estate, Lora E. Martin, manager, and will mean the scattering of a herd, bred from a line of Durocs that have been famous all over the United States, that has sent its pedigree Durocs to the states of the far West, the East, North and South, after they were purchased at record prices.

The reason for this dispersion sale is given out in the opening announcement which reads—"Having a love for live stock, and the out-door life, the writer has derived great pleasure for breeding and growing Durocs. Owing to my continued ill health we have decided to disperse the herd. We closed out the herd after the death of the late Hugh K. Stewart but later decided to stay on the farm and soon had a good lot of Durocs. We have the breeding that is making Durocs famous throughout the land, winning at the big shows and selling for record-breaking prices. We invite you to supply your needs at this sale. For a year or two at least the American hog will be called on to resist threatened famine in Europe and it looks like 1919 would be the high year in the hog business. We will sell open gilts, young boars and fall pigs at private sale. Lora E. Martin, Mgr.

Parties from a distance will be entertained at the Arlington Hotel the night before the sale and provided with auto service to the farm.

The sale will be cried by Col. H. L. Ingleheart, Elizabethtown, Ky., and Col. F. D. Hengst, Louisville, Ky., and W. F. Jefferson acts as clerk.

### SENT TO O. H. E.

Wm. E. Hamm, 19, residing a few miles north of Bloomingburg, Tuesday morning was adjudged an epileptic and committed to the O. H. E. at Gallipoli, to which institution he went willingly, carrying his own papers.

### ASKS DIVORCE

In Probate Court Marguerite Hazel Beck asks divorce from Carl Beck and restoration to her maiden name of Marguerite Hazel Wilson. Gross neglect of duty and extreme cruelty are charged. The marriage occurred August 12, 1918. F. A. Chaffin for plaintiff.

### SEEKS DIVORCE

Zurich, Feb. 4.—(By Associated Press)—Frederick William Hohenzollern, eldest son of the German emperor, according to Berlin dispatch to the Munich Zeitung, has instituted proceedings for a divorce.

**"REDS" CAPTURE WINDAUF**  
Amsterdam, February 4.—(By Associated Press)—A dispatch received from Liban says the Bolsheviks have captured the harbor and town of Windauf, in Courland, on the Baltic Sea.

Our butter wrapped in pounds, halves and quarters. It is fine for use in four-quarters to the pound. Sunlight Creameries.

### SOLDIERS' LETTERS

Private Loral N. Allen, Co. B Prov. Demonstration Battalion, writing to his father, William Allen, this city, says he was located at Fort DePlessnoy, France, at the time of writing. He states that he is in good health and anxious to get home again. Private Allen is an automatic rifle man, using a gun that fires 120 rounds per minute.

Private W. L. VanGundy, writing from an eastern hospital some time ago states that his wounds are not serious, but consisted of wounds in both ankles, and at the time the letter was written he was recovering quite rapidly. He expected to reach Camp Sherman within a short time after the letter was written.

Corporal Frank Ferneau, Co. A, 5th Battalion Conv. Camp, in a letter written to his brother, Dave Ferneau, tells of the Red Cross furnishing books and that he had just finished reading Tom Sawyer. He had received no mail for a long time, and had not been paid for over five months, being entirely "broke" when he wrote. However he was enjoying life very well and expected soon to be back with his organization.

"I was in Paris when the President and his party arrived," writes Musician A. M. Bogges, Headquarters Band, 15th Artillery, Second Division, who on January 6th was located at Woelendorf, Germany. He calls attention to the fact that the Second Division participated in nearly every engagement of importance, and won out each time, although suffering heavy casualties in some of the actions. "The Second has taken more prisoners than any other and also have had more casualties than any other," he declares. Continuing he says, "homesickness is a very common thing among the boys now that everything is over but the shouting. However we are living better than ever before. We have a peach of a room with a real bed, stove, lights and access to a bath. The Germans really seem glad that we are here. We are staying with a young fellow and his sister. They both do everything they can to make things pleasant for us."

### GREAT CROWDS ARE FLOCKING TO SEE HEARTS OF THE WORLD

"Hearts of the World," D. W. Griffith's supreme triumph, proved a paramount attraction which drew people from every part of the county as well as of the city for the opening showing Monday. It is only those who are unable to take advantage of this great opportunity who will fail to see it.

All seats at night are reserved and should be secured as early as possible, either by phone or by calling at the box office. Owing to the length of the picture the evening hour has been changed to 7:30. Matinees at 2:15.

This production comes to this city in the very height of its remarkable success and with the record of having far surpassed Mr. Griffith's "The Birth of a Nation" and "Intolerance," both of which established this dramatic genius the greatest producer of entertainments and spectacles.

As a production, "Hearts of the World" is declared to be Mr. Griffith's greatest triumph. Several of the scenes in the early part of the play are like huge canvases that might have been painted by world's master artists. During the latter part of the drama there are spectacular scenes that never have been equalled and undoubtedly never will be shown again. In one scene alone Mr. Griffith shows 150,000 men, while no less than a million men both on the Allied and German fronts were secured by his camera. In addition to these, Mr. Griffith shows more than 50,000 horses, hundreds of tanks in action, miles of artillery, squadrons of airplanes and Zeppelins, scouting balloons the bombardment of the villages, genuine trench encounters, the victory of the American forces in France and every possible phase of the titanic struggle.

Good seats for Thursday night's performance of Pin-afore still in plat. Call at Sollars' Book Store.

### ANOTHER SALE AT CAMP SHERMAN

Uncle Sam's going into the auction sales business over night has created a new line of endeavor for many army officers and given them much food for thought and speculation, and an endless amount of new work.

The reason for the Government animal sales is the success of the allied armies in defeating the German War machine; the consequent reduction of our army necessitating fewer animals than were on hand.

Auction sales are being held at the thirty-three Auxiliary Remount Depots in all parts of the United States. One depot in Texas is to sell over 6000 animals. Camp Sherman's sale of 1600 head on the 12th of Feb. will complete its allotment of 3200. The average prices vary over 100 dollars among the different depots.

The animals being sold are not condemned, but simply surplus for present requirements.

**BAPTIST MISSIONARY CIRCLE**  
Women's Missionary Circle of the First Baptist Church will meet at the home of Mrs. Homer McCune on S. Fayette street, Wednesday afternoon at 2:30 o'clock.

All the ladies of the Circle are urged to be present.

Brownell incubates eggs, 3c each.

being the consideration of the new  
 street extending from just north of  
 the concrete bridge on Millikan ave-  
 nue to Dayton avenue, as pledged by  
 the city some three years ago.

This was brought before council in  
 a resolution to proceed with the con-  
 struction of the street, and authoriz-  
 ing the Service Director and Service  
 Committee to take the necessary ac-  
 tion for this.

Attorney Pope Gregg, who was so  
 licitor at the time of the compromise  
 agreement whereby the city bound it-  
 self to construct the street, presented  
 the matter to council on behalf of the  
 citizens interested in the completion  
 of the street. He called attention to  
 the fact that the city had obligated  
 itself to build the street over a 46  
 foot right-of-way, and that the stip-  
 ulated time for this had already ex-  
 pired, and it was desired that the city  
 should proceed with the work. At-  
 torney Gregg stated that he had re-  
 peatedly urged the former Service  
 Director, Hilery, to use as much sur-  
 plus dirt from excavations as possi-  
 ble in order to make the fill, but the  
 earth had been diverted and only a  
 portion of the fill as contemplated  
 was made, so that it would be neces-  
 sary to obtain dirt from some other  
 point in order to make the fill. He  
 spoke of the protection from flood  
 and the short-cut made possible by  
 completion of the street. He expressed  
 the belief that it would not require  
 great expense to complete the work,  
 and urged early action on the propo-  
 sal.

Councilman Rowe spoke of the ne-  
 cessity of a retaining wall along that  
 part of the street opposite the office  
 of The Willis Lumber Company.

Councilman Veal stated that he  
 favored completing the street and  
 moved that the matter be referred to  
 the Service Committee, Service Di-  
 rector and Engineer to investigate  
 and submit estimates on completion  
 of the work.

The question of installing certain  
 watering tanks authorized by coun-  
 cil, and installation of certain water-  
 ing pipes and hydrants, was taken  
 up with a view to obtaining early ac-  
 tion.

Mayor Dahl's report for December  
 and January were made, and showed,  
 for December—Collected fines, \$40.40,  
 costs \$57.30; licenses, \$6; total \$109.70  
 For January—Fines \$37.50; costs  
 \$46.45; licenses \$2.50; total \$86.35.

President Soddors called attention  
 to failure of the City Treasurer to  
 file monthly reports, and stated that  
 he must do so as provided by law.

City Auditor Hitchcock's report for  
 January showed balances on January  
 31st as follows: General Fund \$351.46  
 Safety \$421.25; Service \$268.69; and  
 Health \$22.48.

 Tractor Double Disc Harrow

**EVERY** farmer who plows with a tractor should take the next step in  
 power farming and buy a tractor Double Disc Harrow. There is as  
 much saving of time and labor in tractor harrowing as there is in tractor  
 plowing—and additional benefits in better soil preparation.

The Imperial Tractor Harrow is not merely a large size double disc, it is a  
 machine of special design and heavier construction made to be pulled by a  
 farm tractor.

## FOR FEEBLE OLD PEOPLE

John Devitt Recommends Vinol to  
 Great Strength and Vitality.

Marlton, N. J.—"I am 59 years of  
 age and after a severe sickness, was  
 in a weak, rundown condition. Vinol  
 has built me up and made me strong  
 so now I feel real well again, and I  
 can recommend it to others for such  
 conditions."—John M. Devitt.

The reason Vinol was so success-  
 ful in Mr. Devitt's case, is because it  
 contains beef and cod liver peptones,  
 iron and manganese peptones and  
 glycerophosphates the very elements  
 needed to build up a weakened, run-  
 down system make rich, red blood  
 and create strength. It is perfectly  
 wonderful what it does for old peo-  
 ple. Blackmer & Tanquary, and  
 druggists everywhere.

 and begins healing at once. Adv.

## A RAW, SORE THROAT

Eases Quickly When You Apply  
 a Little Musterole.

And Musterole won't blister like the  
 old-fashioned mustard plaster. Just  
 spread it on with your fingers. It pen-  
 etrates to the sore spot with a gentle  
 tingle, loosens the congestion and draws  
 out the soreness and pain.  
 Musterole is a clean, white ointment  
 made with oil of mustard. It is fine for  
 quick relief from sore throat, bronchitis,  
 tonsillitis, croup, stiff neck, asthma, neu-  
 ralgia, headache, congestion, pleurisy,  
 rheumatism, lumbago, pains and aches of  
 the back or joints, sprains, sore muscles,  
 bruises, chilblains, frost-bitten feet, colds on  
 the chest (it often prevents pneumonia).  
 Nothing like Musterole for croupy chil-  
 dren. Keep it handy for instant use.  
 30c and 60c jars; hospital size \$2.50.
